# Employee Lifecycle

# Enterprise vs. Business

**Business** - the activity of making, buying, selling or supplying goods or services for money.

Business comes from the Latin word “**negotium**” (where “**otium**” means leisure and “**neg**” negation)

**Enterprise** - an entity or organization created by one or more people to obtain **money** by producing and marketing products and services to customers.

# Enterprise Types

Size class	Persons employed	Annual turnover
Micro-enterprises	<b>QR code</b>	
Small enterprises		
Medium-sized enterprises		
Large enterprises		

# Enterprise Types

Size class	Persons employed	Annual turnover
Micro-enterprises	Up to 9	Up to EUR 2 million
Small enterprises	9-49	EUR 2-10 million
Medium-sized enterprises	49-249	EUR 10-50 million
Large enterprises	More than 249	More than EUR 50 million

# Small & Medium Enterprise

9 – 49 employees / 2 – 10 million €

50 – 249 employees / 10 – 50 million €

## In-house Training

Session in a group

## eLearning

Online / Offline forms

You are a high performance layer, who is leading a law office with a staff of 15 persons. All employees are professionals in their area. However, you identified a lack of soft skills (communication) experience. In your opinion, that may increase the customer satisfaction rate and overall attitude within teams.

- 1. Which type of training / development will be the best solution?**
  - 2. Please add 3 first steps with regards to the chosen type**
- 

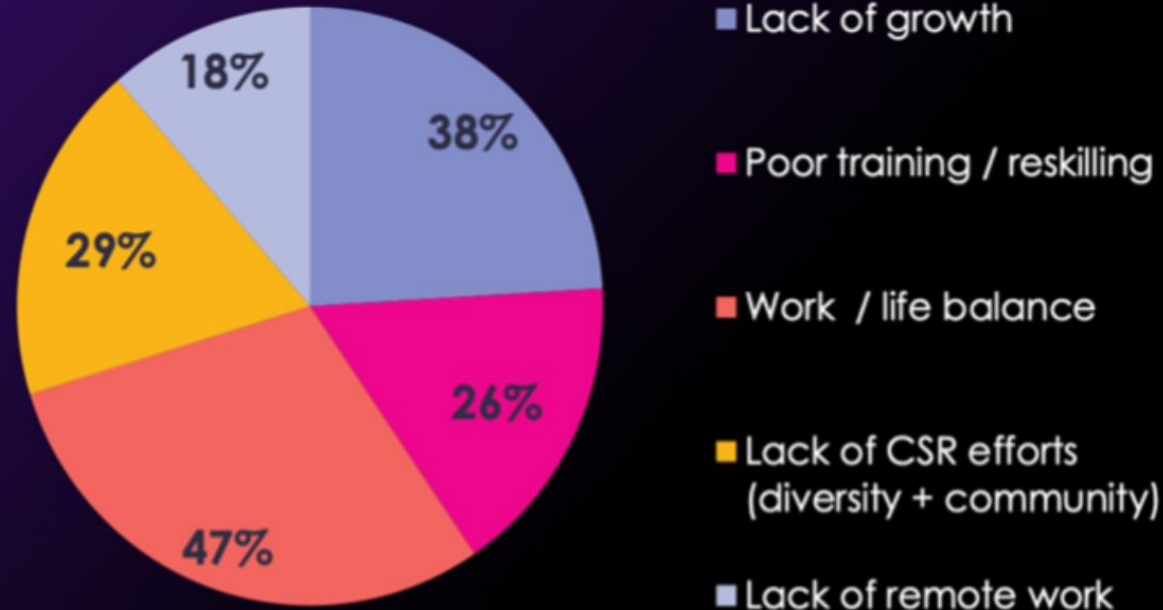

# Large Enterprises

more than 249 employees / more than 50 million €

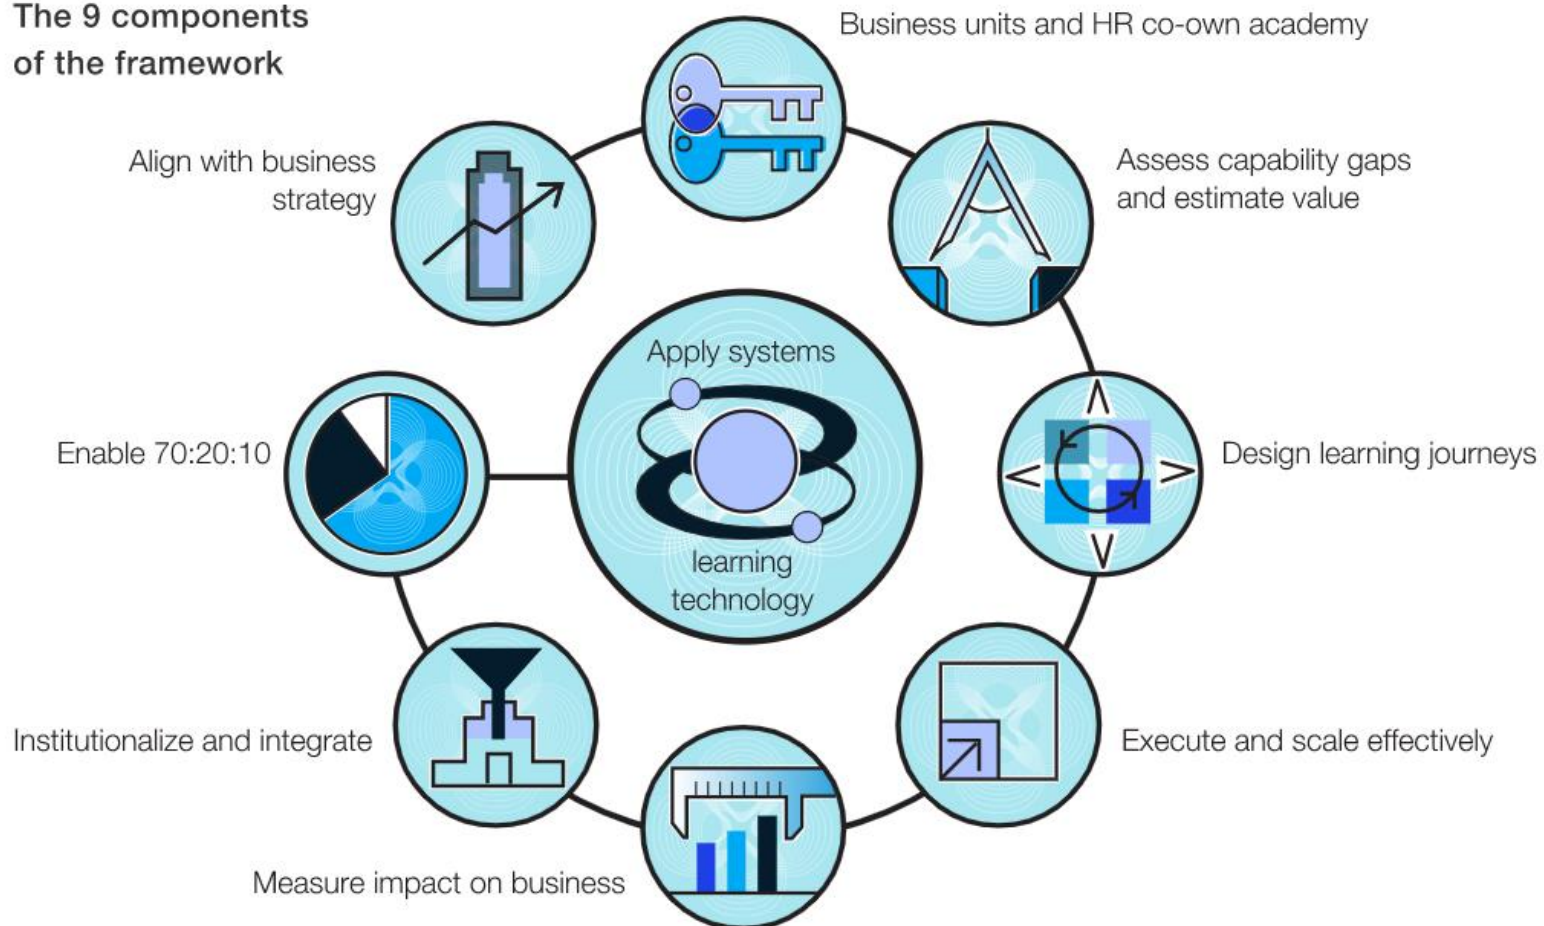

**Why would you currently leave your job?**

# Large Enterprises

## The 9 components of the framework

# Large Enterprises

**Learning Management System** is a system where you can create, administrate, and distribute learning for specific individuals or departments in your organization.

## Reasons:

- Digitalization of training activities
- Centralizing of all learning activities
- Keep track on learning & development processes
- The possibility of being creative and interactive

*Which elements are the most crucial for the training evaluation?*
